Finding a Doctor...

Is organized by type of provider. You can find a doctor several ways:

Primary Doctors: For general health care, you should use a Primary Care Doctor. Primary Care Doctor consists of General/Family Practice, Pediatrics, and Internal Medicine. These are listed in your provider directory. **If you have a health problem that needs care from a specialist, you must get a referral from your primary care doctor.**

By Name: If you know the name of the health care provider or the clinic you want to use, you can look for them in the index at the back of the directory. The index (page 19) lists each provider and the page(s) where you can find their information.

Be aware that NOT all doctors in a clinic may be PPO providers - only the doctors listed in this directory are PPO providers, and ONLY at the locations listed.

Languages spoken by the providers are listed below their names.

Network Contacts...

We try to ensure that this directory is accurate. However, because of changes which may occur from time to time, please make sure your provider is still in our PPO network **before** you get health care services by contacting the related agency listed below.

Encontrando un Médico...

Está organizado por tipo de proveedor. Usted puede encontrar un doctor de varias formas:

Médicos Primarios: Para cuidados médicos generales, usted debería usar un Médico de Cuidados Primarios. Los Médicos de Cuidados Primarios consisten de Práctica General/Familiar, Pediatría y Medicina Interna. Estos están listados dentro de este directorio. **Si usted tiene un problema de salud que necesita del cuidado de un especialista, debe conseguir una derivación de su médico de cuidados primarios.**

Por Nombre: Si usted sabe el nombre del proveedor del servicio de salud o la clínica que usted desea utilizar, los puede buscar en el índice en la parte de atrás del directorio. El índice (página 19) enumera cada proveedor, y la(s) página(s) donde usted puede encontrar su información.

Tenga conciencia de que NO todos los médicos en una clínica pueden ser proveedores PPO - Solamente los médicos enumerados en este directorio son proveedores PPO, y SOLAMENTE en las localidades de la lista.

Los idiomas hablados por los proveedores están escritos debajo de sus nombres.

Contactos en la Red...

Tratamos de asegurarnos de que este directorio sea correcto. Sin embargo debido a cambios que pueden ocurrir de vez en cuando, por favor asegúrese que su proveedor pertenece todavía a la red PPO **antes** de obtener los servicios de salud, poniéndose en contacto con la agencia respectiva indicada a continuación.
